## Description:

We are an experienced film caterer that has catered for hardworking film crews and talent in many different venues. Our staff is known for supplying the quality of delicious and energizing meals associated with a fast-paced shoot and we understand the production schedule and other details. We are experienced with VIPs, can handle special requests/diets, and are Green Certified. We also have many options for mobile equipment setups, including a food trailer, that is self-sufficient.

## Special Skills and Experience:

We are known for our alternative diet menus and understand and strive to make all the cast and crew excited to eat from the vegans to the meat eaters and everyone in-between! Our chef/owner worked on private yachts for 14 years giving her a unique ability to cook many different and multicultural meals, planning skills and inventive flare that is unmatched.
